Instruments categories and description

The Classical Grand Piano section is suitable especially for classical but also for jazz music styles. Two great instruments with 6 Velocity Switches each to provide a decent dynamic response. And a timbre character which is powerful in the bass, mid and treble range. That makes it perfect to use it for studio recordings and live on stage.

ElektraVox is for choir pads, unusual vocal effects, human percussion. It brings you the voice factor into your tracks and songs and suits well to many music styles. This is not a classical choir sample library, it provides modern and experimental sounds. Some samples reminds to usual choirs though.
