Cat-Nr: -

Creamware Pro-12 ASB: Presets by kpr

Artikel info:-

128 new Presets for the Creamware Pro-12 ASB synthesizer. Poly Synths, Lead and Bass, Pads, Percussives and Special Sound Effects. A perfect addition for all music producers who are looking for the really useful sounds. Created by Klaus P. Rausch considering the SCI Prophet 5 strength as well as the new features provided by the Pro-12 ASB. Available as Preset bank file for the Pro-12 sound management software. An original SCI Prophet 5 owner's manual PDF with many additional graphical Patch charts and user tips is included.
